Dear Mr. Palzer,

Please do not think me very ignorant if I ask a question but my knowledge of the procedure in criminal cases is somewhat limited. You say that I shall probably be called as a witness. In that case would it be possible for me to go and stay with her throughout the duration of the trial? Of course you must realize how anxious I am to do this but do not know whether the same edict about my entering the State of N.J. would hold true until I was called ^{by} the defense, if I am called at all, or if I am at the commencement of the trial automatically free to go out there. I strongly presume not but am not sure.

26/10/17 Very sincerely yours

Sally Peters
